## **Morgan County Healthcare Horizon Council**

The Morgan County Healthcare Horizon Council was created in the fall of 2009 with the following mission:

*With a continual focus on and commitment to the needs of consumers, the Horizon Council will create and implement a plan for an integrated healthcare system that better serves the people of Morgan County.*

The information in this directory was collected as part of a community engagement process hosted by the Horizon Council. The Horizon Council contracted with the National Center for Rural Health Works to facilitate a series of four community meetings to learn more about the healthcare infrastructure and needs in Morgan County.

While the full directory will not be updated, some of the key health services information collected through the process will be available on the Horizon Council's website.

You can find out more about the Horizon Council, and about the health, health data, and healthcare services in Morgan County at their website:

**<http://www.co.morgan.co.us/mocohealthcarehorizon.html>**

*The Horizon Council wishes to thank The Colorado Health Foundation for a start-up grant that allowed them to contract with the National Center for Rural Health Works.*
