GIS TECHNICAL SUPPORT AND DEVELOPMENT SERVICES TABULATION

(An 'X' in a criteria section indicates that the vendor addressed and budgeted for that portion of the RFP. Comments are included for all vendors for On call and special needs services.)

VENDOR	Management & Maintenance of MC Mapper web application	Development of public mapping tools using ArcGIS Online	Plat maps for the Assessor's Office	On call and special needs services	Training	Monthly progress / development meetings
<b>North Line GIS</b> Breckenridge, CO Satellite office in Littleton, CO  Bid - \$48,820	* No time was included for support of existing Mc Mapper application * Instead, the proposed solution is to move MC Mapper functionality to North Line's "Incline" software environment * Planning and implementation of the migration would be 3 months. If we had problems with MC Mapper during that time frame, we would not have that tool available for our County departments without spending more \$'s or waiting until the migration to a new environment was complete.
